Build **Confidence**. Inspire **Leaders**.

A new annual initiative from **The Property Institute (TPI)**, pairing property managers with senior leaders from across the residential property management sector.

Designed to support leadership development, confidence and growth, the yearly programme carefully matches mentors and mentees for six online mentoring sessions held over six months

Whether you're looking to grow as a future leader or share your experience as a mentor, this is your opportunity to make a lasting impact.

The programme supports members who want to feel more connected, engaged, and empowered in their professional lives.

By connecting experienced professionals with emerging leaders, **Mentor Circles** fosters learning, collaboration, and confidence — helping to build a more **connected**, **resilient**, and **future-focused** property management community.

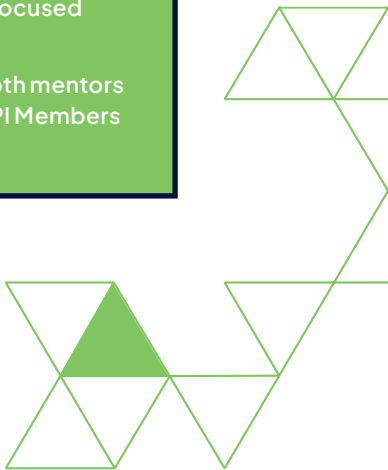

How it Works

- Mentors: Must be qualified to MTPI or above
- Mentees: Minimum of two years experience within the property management sector
- Mentors and mentees carefully paired for compatibility
- Six one hour online sessions over six months
- Supported by the **TPI Mentoring Team** with training and resources
- Confidential and goal-focused discussions
- Applications open to both mentors and mentees who are TPI Members via the **TPI Learning Hub**

2026 Applications

Open 1st December 2025

Close 31st January 2026

Why Take Part?

For Mentees

- Build leadership and decision-making skills
- Boost confidence and professional capability
- Learn from experienced industry mentors

For Mentors

- Share expertise and guide future leaders
- Support the next generation of professionals
- Strengthen your leadership impact

Join **Mentor Circles** and help shape a confident, connected, and forward-thinking property management profession.

The Property Institute is committed to diversity and inclusion and encourages individuals from all backgrounds to apply.
